Case No.: 1:21-cv-10878-AT-JLC

**RESPONSE IN OPPOSITION TO
MOTION FOR RECONSIDERATION**

Jason Goodman (“Goodman”), by and for himself pro se, respectfully submits this response in opposition to defendants’ Benjamin Wittes (“Wittes”) and Nina Jankowicz (“Jankowicz”) motion for reconsideration.

INTRODUCTORY STATEMENT

Defendants’ motion for reconsideration should be denied because it is based on misrepresentations, materially misleading claims and it was frivolously filed with the express intent of painting Goodman in a false light, extorting money from him and preventing him from seeking justice for his well-founded, evidence backed claims. The motion relies on cherry picked and misrepresented quotes attributed to Goodman that do not accurately relay what was said. For the sake of clarity, a full transcript of the cited video is attached (**EXHIBIT A**). Defendants have attempted to deceive the Court by hiding the fact

1 that agents acting on their behalf, including defendants David George Sweigert (“Sweigert”)
2 and Christopher Bouzy (“Bouzy”), interacted with Goodman during the cited broadcast and
3 prompted him to make statements which defendants then mischaracterized in their deceptive
4 motion. Defendants’ ongoing provocation of Goodman and their disingenuous filing based
5 on that, provides the clearest view yet of their sinister modus operandi and the ongoing,
6 fundamentally deceptive manner in which they and their attorneys approach litigation.
7

8 **LAWFARE AND DISINFORMATION EXPERTS**

9
10 Benjamin Wittes (“Wittes”) is the Editor of the Lawfare blog (www.lawfare
11 blog.com) and a widely recognized subject matter expert. Lawfare describes the use of civil
12 or criminal procedure as an offensive weapon. Wittes has attempted to weaponize this and
13 other legal actions against Goodman in a remarkably energetic effort to conceal evidence that
14 Goodman alleges will incriminate defendants and their associates in capital crimes including
15 treason. Concurrent with this response in opposition, the Republican majority in Congress
16 remains at odds with current FBI director Christopher Wray. The FBI has refused to provide
17 subpoenaed documents related to a laptop owned by First Son Hunter Biden, (the “Biden
18 Laptop”) concerning Joe Biden and alleged business transactions with foreign nationals.
19

20
21 Nina Jankowicz (“Jankowicz”) was the U.S. Department of Homeland
22 Security’s Disinformation Governance Board (“DGB”) Executive Director. Disinformation
23 was defined in a Wilson Center podcast featuring Jankowicz and retired FBI special agent
24 and counterintelligence specialist Asha Rangappa as, “the use of false or misleading
25 information with malign intent” (<https://www.youtube.com/watch?v=zl2GtdNiye8>).
26

27 Ironically, it is Jankowicz who seeks to mislead the public by hiding true information that
28

1 would prove Goodman's allegation that she failed to register as a foreign agent pursuant to
 2 22 U.S.C. § 611. Jankowicz resigned from her DGB position just two days after Goodman
 3 revealed information from the public domain that she continues to attempt to conceal.
 4

5 **DEFENDANTS MISLEAD THE COURT**

6 Ironically, the disingenuous filing is itself disinformation according to
 7 Jankowicz' own definition. In the motion for reconsideration, defendants falsely declare
 8 Goodman "made clear that he does not view the sanctions imposed as sufficient to deter him
 9 from future litigation misconduct and (ii) gloated about having caused financial damage to
 10 certain defendants by forcing them to incur significant legal fees in defending against his
 11 frivolous claims". Firstly, and contrary to defendants' false declaration, no sanctions have
 12 yet been imposed, they have only been recommended. Secondly, Goodman had no such
 13 intentions and the gerrymandered quotes do not represent what Goodman actually said. At
 14 the time point identified, Goodman can be seen on video reading emails from his phone. In a
 15 verbal response to a harassing email from Sweigert, Goodman states he is, "a couple of hours
 16 behind. I already read that." Goodman was referring to a Tweet published by defendant
 17 Bouzy in which Bouzy inaccurately reported, "BREAKING: The NY Magistrate Judge in the
 18 Goodman v. Bouzy defamation case has ruled in our favor. This is a win for the Bot Sentinel
 19 community and free speech. I want to thank Ballard Spahr and everyone who supported Bot
 20 Sentinel and me! ❤️🐦 Read it here: [https://botsentinel.com/documents/goodman-v-](https://botsentinel.com/documents/goodman-v-bouzy.pdf)
 21 [bouzy.pdf](https://botsentinel.com/documents/goodman-v-bouzy.pdf)." (EXHIBIT B)
 22
 23
 24
 25

26 Goodman accurately informed viewers that Bouzy had not yet won, but
 27 Judge Cott issued a Report and Recommendation and the case had not concluded. Goodman
 28 RESPONSE IN OPPOSITION TO MOTION FOR RECONSIDERATION - 3

1 then went on an extemporaneous exploration of the idea that Bouzy won, telling his audience
2 “I don't know exactly what he's won. Everybody now realizes what an [expletive redacted]
3 he is and he's had to pay a huge legal bill.” Goodman continued saying, “Even if this case
4 ends, I'm not going to give up. I'm not going to go away. We're still going to be allowed to
5 talk about this. Even if I can't sue Ben Wittes over it, we're going to talk about it.” In direct
6 contrast to defendants’ false claims, this is an acknowledgement by Goodman that acceptance
7 of the Report and Recommendation would end his litigation efforts but that he would still
8 report on and inform the public of these matters. Defendants’ deliberate provocation of
9 Goodman through email, Twitter or interactive YouTube chat, and the misrepresentations in
10 their subsequent filing reveal their treacherous and dishonest nature of these litigants. The
11 motion only serves to further prove Goodman’s allegations. Defendants’ latest claims seem
12 to reflect what they wish Goodman had said but are actually desperate attempts to put a court
13 order in place to permanently bar Goodman from discussing these facts. This is exactly what
14 Jankowicz has done with her false statements to the police and the General District Court in
15 Arlington, VA. This also follows Sharp, Esquenet and Judge Caproni in their unjust sanction
16 blocking Goodman from so much as uttering an email address attributed to Sweigert.

21 **DISFAVORED FACTS ARE DISINFORMATION**

22 On May 16, 2022, Goodman published a video on his Crowdsourcing the
23 Truth 5 YouTube channel, (the “May 16 Video”). In the May 16 Video, Goodman displayed
24 and discussed various public domain information he discovered through ordinary internet
25 searches. Goodman has no access to any of Jankowicz’ personal or private information and
26 has made no unlawful attempts to access any such information. Goodman has only sought
27

1 and published public domain information related to Jankowicz. Despite this, immediately
2 upon publication of the May 16 Video, Sweigert sent several emails alerting various parties
3 at Wittes' Brookings Institution ("Brookings") of the video publication. **(EXHIBIT C)**
4

5 In direct and immediate response to Sweigert's emails, Goodman's
6 Crowdsorce the Truth 5 YouTube channel was permanently deleted by Google.
7 Additionally, Goodman received notification from Patreon.com of an alleged violation that
8 threatened his ability to utilize the payment processing platform he relies on to conduct
9 business and earn a living. Although Goodman disagreed with Jankowicz' claim that the
10 video contained private information, the need to restore credit card payments outweighed the
11 need to be proven correct. Goodman created an alternate edited version of the video on May
12 18, 2022 (the "May 18 Video") which removed the allegedly private information. After this,
13 Patreon lifted the penalty and allowed Goodman to resume normal operation.
14
15

16 At present, the only version of the video published by Goodman on any
17 website he controls is the edited May 18 Video, confirmed by third party Patreon.com to be
18 free of allegedly private information. Despite this, on or around January 5, 2023, Jankowicz
19 or someone acting on her behalf made another false claim to Twitter, causing Goodman to
20 lose access to his ("@csthetruth") Twitter account, again on the false basis that he had shared
21 private information. This time however, the tweet only contained a link to the edited May 18
22 Video and Jankowicz' own public FARA filing. No private information at all was included,
23 but the account remains inaccessible and Janowicz' refusal to retract the false statement
24 prompted Goodman to add her as a defendant in this action.
25
26
27

28 Omitting or hiding required public disclosures particularly when done by a
RESPONSE IN OPPOSITION TO MOTION FOR RECONSIDERATION - 5

1 government employee acting on behalf of a foreign country is a bold, deliberate deception.
2 Dissemination of information that is even just misleading is exactly what Jankowicz and her
3 colleagues have defined as disinformation. Despite her former title, evidence indicates
4 Jankowicz is a frequent and malicious purveyor of disinformation. Goodman alleges she
5 harbors a grudge against him as a result of his factual news reporting that caused her to lose
6 what she described as her “dream job.” Goodman further alleges as a result of this, she now
7 seeks revenge by making a series of false statements calculated to harm him. Jankowicz
8 made numerous statements that she knew to be false at the time she made them or otherwise
9 should have known. She made the statements with the express intent of harming Goodman,
10 with the assistance of, and through cooperation with, defendants Wittes and Sweigert and her
11 attorneys Liz Lockwood (“Lockwood”) and Veronica Holmes (“Holmes”). Jankowicz made
12 false statement to Arlington Police and to the Arlington General District Court so she could
13 wrongfully obtain a fraudulent order of protection against Goodman. Sweigert immediately
14 and persistently publicized the order to a network of followers on Twitter, emphasizing that
15 Goodman was no longer able to exercise the Second Amendment and encouraging the public
16 to pursue Goodman. Shortly thereafter, Goodman was approached by two individuals in two
17 separate locations who Sweigert later claimed were process servers. Neither identified
18 themselves as process servers nor attempt to serve any papers. One approached Goodman
19 from behind, put a hand on him and asked, “How’s George?” Goodman understood this to
20 be a veiled threat. “George” referred to Sweigert’s brother who uses the pseudonym Webb.

21 22 23 24 25 26 **FALSE STATEMENTS CALCULATED TO HARM GOODMAN**

27 Goodman had never heard of Jankowicz prior to her becoming a limited
28
RESPONSE IN OPPOSITION TO MOTION FOR RECONSIDERATION - 6

1 purpose public figure in or around April 2022 when she appeared on news broadcasts
2 announcing her new role as DGB Director. On its face, as described by Jankowicz, her role
3 appeared to conflict with the First Amendment of the U.S. Constitution. Many Americans
4 shared Goodman's views on this subject, making Jankowicz an instant pariah. She was
5 relentlessly mocked in social media not only for her juvenile musical presentations, but more
6 so for the deeply offensive nature of her intentions and unbelievable lack of self-awareness.
7 These defendants share a tyrannical desire to lord over facts and discern by decree what is
8 information and what is disinformation, a fundamental aspect that permeates this case. Each
9 of the defendants demonstrate behaviors that indicate their belief that they have the moral
10 authority and official power to silence opinions they disagree with. Disinformation is more
11 accurately described as anything disagreeable to them. As such, their baseless conclusory
12 judgments should be ignored, and they should be compelled to refute Goodman's claims with
13 countermanding facts, or else their dismissal should be construed as merely more deception.

14 **UNLIKELY COINCIDENCES REVEAL CLANDESTINE COORDINATION**

15 Throughout the relevant timeframe, defendants have engaged in various
16 actions that are inarguably coincidental. It remains an open question if these coincidences
17 were calculated, but the frequency of their occurrence defies the probability of random
18 happenstance. Goodman alleges these coincidences were not organic but were coordinated
19 clandestine efforts intended to further defendants' collective purpose to eliminate information
20 they determine to be objectionable irrespective of its veracity.

21 On November 14, 2016, acclaimed journalist Richard Pollack published a
22 story on Dailycaller.com alleging, "Ultra-Rich Liberals Meet To Quietly Plot The Trump
23

‘Resistance’” (<https://dailycaller.com/2016/11/14/time-to-fight-ultra-rich-liberals-meet-to-plot-the-trump-resistance/>) and citing the opening remarks given by Democracy Alliance president Gara LaMarche, (<https://democracyalliance.org/from-the-president/opening-remarks-gara-lamarche-fall-2016-da-conference/>).

Only weeks later, on December 28, 2016, Wittes sent an email to former FBI director James Comey (“Comey”) encouraging investigation into matters concerning Peter W. Smith (“Smith”), Shane Harris (“Harris”), and allegedly hacked emails (ECF No. 212 pages 14–15). On the same day, December 28, 2016, defendant Sharp issued a press release announcing his abrupt and unexpected departure from his beloved Twitter. (<https://www.prweek.com/article/1419575/twitters-head-news-government-elections-departs>)

Another unlikely coincidence would occur on October 28, 2020. Two weeks after the New York Post was banned from Twitter for reporting on the Biden Laptop and mere days before the 2020 Presidential election, then Twitter CEO Jack Dorsey (“Dorsey”) was called to testify before Congress regarding online censorship. On the same day, Sharp appeared on CNBC to declare online platforms were not equipped to counteract disinformation (https://www.youtube.com/watch?v=qcl_8aQOlsQ). Despite no longer being employed at Twitter, Sharp told the interviewer, “I want to make sure that all dynamics are there so that positive content can spread and go viral, and you can have an Arab Spring, a black Lives Matter. All these movements that foment beautifully on the on the platforms.” According to a March 2012 U.S. News and World Report article headlined, *Death Toll of 'Arab Spring'*, the beautiful fomentation described by Sharp resulted in more than 35,000 deaths. (<https://www.usnews.com/news/slideshows/death-toll-of-arab-spring>)

1 Even worse, a January 2021 Washington Post article titled *The Unfinished*
 2 *Business of the Arab Spring* tells readers, “Ten years on, the hopes awakened by the protests
 3 have vanished” and goes on to explain, “the underlying conditions that drove the unrest are as
 4 acute as ever.” ([https://www.washingtonpost.com/world/interactive/2021/arab-spring-10-](https://www.washingtonpost.com/world/interactive/2021/arab-spring-10-year-anniversary-lost-decade/)
 5 [year-anniversary-lost-decade/](https://www.washingtonpost.com/world/interactive/2021/arab-spring-10-year-anniversary-lost-decade/)). Sharp’s praise of Black Lives Matter failed to recognize that
 6 at least twenty-five people were killed and the expenses of property damage and theft
 7 destroyed entire communities. ([https://www.theguardian.com/world/2020/oct/31/americans-](https://www.theguardian.com/world/2020/oct/31/americans-killed-protests-political-unrest-acled)
 8 [killed-protests-political-unrest-acled](https://www.theguardian.com/world/2020/oct/31/americans-killed-protests-political-unrest-acled))

11 Another improbable coincidence occurred while Dorsey’s congressional
 12 testimony and Sharp’s CNBC appearance were broadcast to unsuspecting Americans on
 13 October 28, 2020. Jankowicz published an op-ed in the Washington Post under the headline,
 14 *No matter who wins the election, disinformation will still poison our democracy*
 15 ([https://www.washingtonpost.com/outlook/2020/10/28/disinformation-election-qanon-](https://www.washingtonpost.com/outlook/2020/10/28/disinformation-election-qanon-democracy/)
 16 [democracy/](https://www.washingtonpost.com/outlook/2020/10/28/disinformation-election-qanon-democracy/)). This would be unremarkable on its own, but the op-ed is one of only three
 17 Jankowicz published in the Washington Post since 2017. A reasonable observer might
 18 conclude defendants were engaged in a coordinated effort to convince Americans that the
 19 Biden Laptop was a product of a Russian intelligence operation, and it should not affect their
 20 decision to vote for Joe Biden. In support of the alleged campaign, Jankowicz tweeted quite
 21 a bit about the Biden Laptop. **(EXHIBIT D)**

25 On October 22, 2020, Jankowicz tweeted “Back on the "laptop from hell,"
 26 apparently- Biden notes 50 former natsec officials and 5 former CIA heads that believe the
 27 laptop is a Russian influence op. Trump says "Russia, Russia, Russia." Jankowicz was

1 referring to a letter signed by fifty-one retired intelligence officers. Coincidentally, twelve of
2 the fifty-one signatories were Brookings fellows just as defendant Wittes is. A large amount
3 of evidence that has not been contested supports Goodman's allegations that a coordinated
4 "all hands on deck" effort was put into effect by defendants and their coconspirators. This
5 effort was at a highly developed stage by October 2020, and eliminating Goodman's ability
6 to report true but disfavored information was part of their broad effort.
7

8 **CONCLUSION**

9
10 For the reasons stated herein and any other reasons as determined by the
11 Court, defendants' motion for reconsideration should be denied and Goodman should be
12 granted leave to amend his complaint so that this case can be allowed to proceed to be
13 decided on its merits.

(EXHIBIT A)

00:00:00:00 - 00:00:17:22

Unknown

I might have forgotten the fade there, so didn't think I did.

00:00:17:25 - 00:00:41:22

Unknown

So I was I was looking for some information about this press conference that James Comer is going to have on Wednesday. You're going to release some bombshell information. I don't think it's a good idea to start talking about information that you're going to release. Right. Isn't there a whistleblower who is in Cyprus or something like that who now is missing?

00:00:41:24 - 00:01:14:17

Unknown

That's interesting in Cyprus, because that is where that private bank was located in Cyprus. Remember? Kolomoisky? No, no, that I think Kolomoisky is involved in that bank. But it was that guy Slav, Czech or something, some really difficult to pronounce name, but this is where they were sending all the money to Hunter Biden. And so basically, I mean, I don't know, I was looking around James Cormier, I don't think has announced it yet or maybe he has now.

00:01:14:17 - 00:01:43:24

Unknown

But when I was looking at it before, hadn't really announced exactly the precise when and where of this press conference he's having on Wednesday. And I wasn't going to do it stream today, but I got actually a very unfavorable ruling in Goodman v Boosie favorable for Chris Boosie actually major disappointment. We'll talk about that in a minute. But it seemed to kind of coincide.

00:01:43:24 - 00:02:23:07

Unknown

It's got nothing to do, obviously, directly with Hunter Biden and all that. But this whole theme of people getting away with stuff when you know and everybody knows they shouldn't be getting away with it. But just first, in terms of Hunter Biden, it seems to me James Colmer maybe hasn't I don't know why he wanted to announce this press conference, but now that he has, it seems like there's this kind of competing timeline of him releasing some kind of information that's been purported to be like this explosive bombshell and bombshell type stuff that's you you're not going to reveal the biggest financial scandal in the history of financial scandals.

00:02:23:07 - 00:02:50:08

Unknown

I don't doubt it. And then I was talking to Charles earlier and he pointed out that Joe Biden didn't announce his run for president in 2020 until four days after Zelensky won the election in Ukraine. Now, that's super interesting because I'm sure we're going to talk about this with Charles on Wednesday and get more in-depth because he's going through the whole timeline and everything.

00:02:50:10 - 00:03:12:24

Unknown

And he brought that up. And it's interesting because it seems like here you got Hunter Biden, who's this guy with this incredible appetite for risk smoking crack and going to some kind of ketamine spa or whatever. Was that in Miranda Devine? Yeah, that was in Miranda Devine's book. I think that got that out of a laptop that he was going to the ketamine spa.

00:03:12:26 - 00:03:34:14

Unknown

But and every single hooker under the sun, I mean, that guy's got quite an appetite for risk. So let's say you come up with a scheme where you're going to do all kinds of, you know, get millions of dollars to him and his, you know, sister in law or girlfriend or whatever she is and the uncle. And every so they have 12 people in the family getting the money.

00:03:34:16 - 00:03:53:05

Unknown

But you basically pin it all on Hunter. I mean, what I'm getting at is it seems like Joe Biden is rearing up to pardon Hunter And why wouldn't he just wait for the DOJ to charge him, indict him or whatever, and just instant pardon and people will freak out and be like, oh my God, we hate you or, you know, controversy.

00:03:53:05 - 00:04:14:25

Unknown

And then some people will say, well, no, it's his son. And, you know, this is probably Trump's fault or something. And basically just make it be okay and then we'll all have to like, walk around and act like it's completely normal that Hunter Biden is rolling around, smoking crack, banging hookers, getting billions of dollars funneled through the Ukraine.

00:04:14:25 - 00:04:40:26

Unknown

I mean, you know, my interpretation of that set of facts is that Joe Biden wanted this war in Ukraine because it gave them the perfect excuse to send, whatever it is, \$113 billion. I heard somebody on TV say it's up to 50 billion. It's like, wait a minute, now. I had to check the date on the broadcast because I thought they passed 50 billion long, long ago.

00:04:40:28 - 00:05:01:18

Unknown

But the point is, we know Zelensky or they admitted, I'm sure that's much more than what they said, but they said 400 million just to Zelensky. So how much, you know, did the rest of them steal? And if Hunter Biden has an account at this bank in Cyprus and there's a whistleblower in Cyprus who's now is missing, do I have all this right?

00:05:01:18 - 00:05:20:20

Unknown

I mean, I don't know. We've got to check this, but again, I'm just saying it seems like this is cooking up to happen. Ireland, right? Why? Right.

What was he doing going to Ireland? I mean, there's all these questions. Don't you think you should be staying home and, like hanging out with his lawyer and he's got a kid with that blond?

00:05:20:20 - 00:05:43:21

Unknown

What's her name? Cohen. Not the you know, he's got two kids, one that he pretends is in his head. Many kids. What happened to Charles? Nothing happens to Charles. What do you mean? Oh, that. We were going to do another show today. Yes. Charles got sidetracked, Caught up. He's quite busy, you know, and we couldn't do that. So I think we'll just revisit it on Wednesday.

00:05:43:21 - 00:06:10:03

Unknown

And this is another opportunity to test this new, hardened, more robust system, give it a couple of hours of operation before we I just don't want to subject Charles to another technical failure like that. But you know, this you might have noticed in the thumbnail here, we've got the stupid Mario Brothers there. What are they doing there? You know, because it's this is speculation.

00:06:10:03 - 00:06:40:24

Unknown

Of course. I don't know if these people are criminals. I'm asking, are we seeing criminals getting away with it? I don't know the answer. This is pure speculation, opinion based on facts and evidence, you know, available here in the public domain. And also, by the way, just because we're going to talk about a ruling or a report and recommendation from Goodman v Boosie, it's important that people remember I'm not a lawyer and nothing that I say is legal advice.

00:06:40:24 - 00:07:10:05

Unknown

Nobody should take any action based on anything I say ever other than becoming a sponsor on Odyssey dot com slash ad CrowdSource the truth. CrowdSource the truth dot substack dot com or subscribe Starcom or Patreon account slash crowd Source the truth but got a reporting recommendation today in Goodman V Boosie. And by the way, this is actually more evidence that I'm not qualified to give anybody legal advice.

00:07:10:05 - 00:07:36:05

Unknown

I am not a lawyer at all. I don't know what I'm doing. And the law is complicated. It's very, very difficult to have success in court. So what happened is there's a lot of things that have been going on in the case. And, you know, the judge has this ability to handle certain procedural processes off to a what's called a magistrate.

00:07:36:07 - 00:08:05:00

Unknown

This is U.S. district court here in the southern district of New York. And so the judge gives these certain procedural things to the magistrate,

who is sort of a lower judge, like a vice judge or a co judge or a judge in training or something. And the they're not appointed. I don't know how those magistrates get there exactly, but it's sort of like a judge in the making and they give this report and recommendation, which is literally that they read over all the pleadings.

00:08:05:02 - 00:08:31:02

Unknown

And this is the more junior judge giving the main judge their recommendation based on a report from all these pleadings. And, you know, the judge can say, okay, this is perfect. I agree with it completely. This is what we're going to do. Or the judge can say, well, we're going to use this part, but not this part. And also there's an opportunity to respond before the judge does that.

00:08:31:02 - 00:09:09:18

Unknown

So this isn't final. It's not the end of the case, but it's unquestionably not favorable to me. This judge, this magistrate judge, the honorable James Alcott, has basically recommended that the case be dismissed and that my my motions for sanctions against Chris Busey's lawyers, who did a bunch of things that I think were against the rules, he said, nope, no sanctions, totally fine for them to have done what they're doing.

00:09:09:20 - 00:09:37:25

Unknown

Run-D.M.C. Dude was looking at me like, basically wants to dismiss my case and sanction me. Not against Boosie, but, you know, this is this is a whole bunch of people who are in the case. And I don't want to go into too many details right now. I don't have the case in front of me. And like I said, it's not final, but they're basically trying to prevent me from being able to reintroduce certain claims.

00:09:37:25 - 00:10:01:26

Unknown

And I can't help but notice that the claims they don't want me to reintroduce are the most damning claims to winning over here. But it's summertime. I like coming over here by the water and checking out what's going on and they're building something. I want to see how close they're getting to whatever it is they're doing to the highline over here.

00:10:01:26 - 00:10:26:08

Unknown

Well, keep going anyway. They're trying to make it so that I can never bring any claims relative to any of the stuff that I'm talking about with Peter Smith. It's remarkable. It's sort of the same thing that the same thing in spirit at the Emmys. We're trying to do. You know, they wanted me to never be able to speak about Adam Scharf again.

00:10:26:10 - 00:10:49:19

Unknown

We've seen a helicopter landing over there. So, I mean, this is all warfare. This is all them trying to manipulate stuff. And, you know, they

wanted me to also have to pay \$40,000 for their legal fees. The magistrate fell short of that. And now, again, the regular judge could look at his report and recommendation and say, no, this isn't harsh enough, make Jason pay.

00:10:49:20 - 00:11:17:04

Unknown

They could say that. So again, all this is a reason not to take legal advice, not a lawyer, not giving legal advice. Succeeding in court is super difficult. So what do they when is this going to work in progress? It's currently closed. Yeah, I mean, there was I think I did go walk all the way over there at one time.

00:11:17:04 - 00:11:48:25

Unknown

I don't know what they're building a museum of derailed trains. It's going to be big. This is actually pretty nuts to behold. You know, I was looking at a picture I took of the Empire State Building in the 1990s, and none of this Hudson Yards was over here. It's really you don't kind of notice the density of New York City growing up around you when you grow up in it.

00:11:48:28 - 00:12:20:08

Unknown

But there it is. Yeah. So anyway, the judge basically was like, yeah, now nothing Jason wants is going to happen and let's just end this case and with prejudice so he can never bring it back again. Not really that good. Albert. Paula, is that true? Oh, you see, now this person don't go shouting stuff like that out. What evidence do you have of that?

00:12:20:10 - 00:12:42:19

Unknown

Well, thanks, Boston. Are people saying they thought they had an excellent case against Boosie? Here's what it comes down to. People may recall that I had that phone call with Uzi. You can still see it on Odyssey if you they've they've tried to remove it from everywhere because you see there's there's something underneath the surface here. And this goes back to this guy Peter Smith.

00:12:42:22 - 00:13:08:17

Unknown

We got to get a handle on this Peter Smith story because as a windstorm. See, Peter Smith was an associate of Charles Lortel before I knew Charles, Peter Smith died and a couple of weeks before I ever met Charles. And you know, Charles has been working on the whole Clinton Foundation thing. And Peter Smith, I never met him.

00:13:08:17 - 00:13:33:25

Unknown

I can't really say, but it's a very odd character. You know, he worked with David Brock at one time and he was the treasurer for the Atlantic Council. I think we go back and check all this stuff. I don't have the information in front of me. I'm going from memory right now, but I'm pretty sure that's correct. I mean, the issue is he definitely was kind

of flopping back and forth between Democrat operative stuff and Republican operative stuff.

00:13:33:25 - 00:13:53:15

Unknown

He create a fund for the the Arkansas state troopers who were, you know, blowing the whistle on Bill Clinton. I mean, again, it comes back to these whistleblowers, right? The people on the inside who actually know they really want to clamp down on those people so that everybody around them gets the notion that like, hey, look, you know what?

00:13:53:17 - 00:14:18:14

Unknown

If you want to not be able to pay your mortgage and you want to lose your job and get sued and have people put poisoned snot on your car like Nate, can we touch that? And he said he had a stroke. Can you believe that? This things that I'm not going to say. But anyway, the point I'm getting at is they really want to shut up.

00:14:18:14 - 00:14:44:19

Unknown

Anybody who would have access to real information that could be damaging. I mean, think about it. If you are going to go and steal millions and billions by laundering money through Ukraine, sending weapons there and having crooked deals with, you know, who's that guy they let out of jail, who is a weapons dealer, that that merchant of death or whatever, who who knows what kind of deal they made with him.

00:14:44:19 - 00:15:07:01

Unknown

The FBI is up to so much screwy crap. You know, you let that guy out of jail and I think suddenly he's working for you. You know, go over to Ukraine, you're going to receive all these Javelin missiles and whatever you sell them and give us the cash. Who knows what the hell the deal is? I'm speculating, of course, but I think a lot of people would agree it doesn't make any sense what they're doing in Ukraine.

00:15:07:01 - 00:15:28:00

Unknown

And it seems like a way to cash out a ton of people. I'm not talking about just the Bidens, but this seems like what's going on. And what would stop Joe Biden from pardoning Hunter? The second they indict him, you know, he'd lose the election. But I don't think they care. He's not going to win anyway. I don't even think he's going to live until November.

00:15:28:02 - 00:15:38:21

Unknown

He is just so nonfunctional. It's bizarre what's going on over here.

00:15:38:23 - 00:15:58:07

Unknown

But, you know, it's a beautiful day. And I wanted to come out. I want to talk to people about this because, you know, again, I'm not even implying

I'm not I'm being serious. I'm not implying that there's any connection between what's going on in my case and with Hunter Biden. I don't think there is. I'm just saying it's all the same kind of getting away with it now.

00:15:58:07 - 00:16:20:24

Unknown

What's this? They got some kind of beach party set up here at the Jim's Place that doesn't seem to have any gyms. Actually, it's tough to get gyms in New York. I don't I don't know. I haven't tried in a while, but it's not like L.A.. Yeah, No, you had to go to area in New Jersey to get a technocrat.

00:16:20:26 - 00:16:53:23

Unknown

Let's see what is going on here. Backyard and Hudson Yards presented by Wells Fargo, of course. Oh, yeah. They all say Wells Fargo. So what are we got a concert or something? Oh, movies for big LCD screen. All right, cool. What's this sign? Say, don't steal the chair. Exclusive benefits at Hudson Yards. All right. I guess I still haven't been up in this thing.

00:16:53:25 - 00:17:16:24

Unknown

Not that interested in it right now. Somebody ask me if I'm familiar with Google Loft. I don't think so. Who is that? I am, But there's lot I don't think I could love a good deal. Vox is asking about videos in front of a bush. Yeah, I mean, I've preserved a lot of those videos. Those are strange videos, right?

00:17:16:24 - 00:17:37:21

Unknown

I mean, that's somebody who is antagonizing me like crazy. But I sort of lost my train of thought there. We were talking about Hunter Biden. Yeah, he's going to he's going to pardon him. And then Joe is going to go away and everybody is going to be like, oh, that was scandalous. Next thing. And, you know, all this wealth is sucked out of the United States.

00:17:37:23 - 00:18:03:25

Unknown

So many people are killed in this truly evil process. And now, oh, yeah, Title 42. It's like so many things are going seriously wrong. This title 42, they've got that tidal wave of people marching into Texas and people seeing that footage. All right. Wait. Speaking of Texas suicide building, somebody says, right, that's the wedge or the ledge or the right.

00:18:03:25 - 00:18:25:26

Unknown

What does it verge? What the hell? I can never remember the name of that thing. Wedge. I think, for Texas, Right. We had you know, I don't know. Yeah. The whistleblower was arrested in cyphers I think obviously knows about what's going on with this private bank and money going to Ukraine through Burisma, blowing up the pipeline. I mean, all this stuff, it's like total Sopranos type of stuff.

00:18:25:26 - 00:18:57:24

Unknown

But just going back to Texas for a second now, did people notice that the reporting today on the Allen, Texas shooter who they're saying, you know, like last night they came out saying that the 33 year old Mauricio Garcia at approximately 330, in case you didn't get it, that he's 33, that guy who doesn't look like the pretty heavy set guy who's shot and dead in the photo, it's weird, I think.

00:18:57:26 - 00:19:29:07

Unknown

What's so we'll check out what's going on and go right to the heart of crazy and see what's going on in Times Square. But he the guy you know, I don't know people. If you saw my video that I did yesterday, we had that image from Triple D customs and collision. Now, a lot of people wrote to me and said that this is just a Dallas logo that they had around the eighties now, but that that Texas that state of Texas in the center of it that's different than the standard triple D Dallas logo.

00:19:29:07 - 00:19:49:21

Unknown

Oh yeah and you just saw that guy's head went by I mean, you know, this is all inconclusive, but it was interesting that it went right to that. And they they put out these pictures. I think I first saw this on Shepard and embellishes Twitter. But, you know, I will admit that we need more evidence to come to a conclusion.

00:19:49:21 - 00:20:12:23

Unknown

But this guy laying on the ground looks more like the build of the guy from the triple D customs place than this skinny sort of, you know, lanky Mauricio Garcia that they've shown us who showed up out of nowhere. 33 And now all the pictures I'm seeing of the guy laying dead on the ground have his left hand cropped out.

00:20:12:23 - 00:20:34:09

Unknown

So you can't even see that tattoo. Why do that? I mean, we know why. It's a it's a stupid way to pose a hypothetical question, but I'm saying notice that. Isn't that interesting how this whole manipulation of the narrative takes hold? I mean, it's nuts. Yeah, I was thinking about this earlier. The stuff that they're trying to do to me is straight Stasi tactics.

00:20:34:09 - 00:21:20:16

Unknown

Remember David Hawkins used to talk to us about zeros. It's the stars tactic of decomposition of the target, you know, where they would like a political dissident or just anybody they didn't like. They would do this process, too, and it would involve harassing them, you know, making them lose their job, harassing their business so that they want to fire the person, harassing their friends, spying on their friends, get their friends to kind of like tattle on them or tend to happen.

00:21:20:19 - 00:21:40:23

Unknown

But this decomposition, I mean, it sounds very much like what we've heard the FBI did to Martin Luther King. Right. Sending them letters or something to kill himself. What details do people know about that? I think most people have heard about that. I guess that came out maybe when Martin Luther King's family sued the government. But what exactly do we know about that?

00:21:40:23 - 00:22:10:01

Unknown

Do we know the names of the agents who did the harassment? Were they were they like, you know, FBI special agents or were they some kind of contractors to the FBI? You know, they have all these confidential human informants, these rap raps types. Maybe that's what the Super Mario Brothers are. I don't know. But I'll tell you their oh, look, didn't this go out of business or something or get bought by Joe Biden?

00:22:10:03 - 00:22:38:14

Unknown

Yeah, Bank is fine. I'm just going to print more money and put it in there. What could go wrong with that plan? But anyway, it just seems like this is what they're going to do. I don't know. I was mostly discouraged about this report and recommendation from Goldman v Boosie because I think it's pretty obvious that Chris Boosie did what he did deliberately.

00:22:38:16 - 00:23:27:18

Unknown

What it essentially is coming down to is right. This is what I was going to start with before he died in 2021. I think it was December 2021 or something like that. I was communicating with Ben with his over Twitter about this matter to do with Peter Smith and again, to give the overall I'm sorry I'm so disjointed in the telling of this, but walking around New York City, it's very distracting, I believe, based on the totality of evidence that I have seen, that Peter Smith's purpose for dealing with Charles was specifically to befriend Charles, gain his trust, and then do something to seriously screw up Charles, because Charles is a major threat to the

00:23:27:18 - 00:23:49:02

Unknown

Clinton Foundation and the people who are attempting to, if he is correct in the things that he has presented to us, which I believe he is, he represents a pretty substantial threat to criminals who are trying to steal millions and billions of dollars. So it would stand to reason that if you're stealing all that money, you've got a budget for stopping that.

00:23:49:04 - 00:24:16:05

Unknown

I have a six. That seems like you would, right? So I allege Peter Smith, who was introduced to Charles by a guy named Tom Lipscomb, just came. Yeah. And he shows up in the story later. Anyway, Peter Smith, I believe, was tasked with giving these 33,000 emails to Charles and Peter Smith

might have thought they were legitimate. That would be the best way for the plan to work.

00:24:16:05 - 00:24:37:26

Unknown

You know, Peter Smith wouldn't be read into every level of it. He might be getting tricked to think that the emails he's receiving are actually coming from Russia. And as an aside, there's a bunch of people who have made a bunch of allegations against Chris Busey online for a long time. My opinion is that's happened because he's a serial scumbag who's involved in a lot of scams.

00:24:38:02 - 00:25:00:17

Unknown

I can't prove that. That's just a statement I'm making pure opinion based on evidence in the public domain and things that other people have said. Third parties that I can't confirm. You should form your own conclusion. This is a statement of opinion, but I think he's a scammer. So people in the past have alleged that he's used servers in Russia to do something or other.

00:25:00:17 - 00:25:24:06

Unknown

I don't know exactly what something to do with iconic expert and some sort of blockchain coin this guy was doing something with. But anyway, the notion that he could use a VPN or a server in Russia or some sort of technology to fool Peter Smith, who was like 81 or 82 and not stupid by any measure, but not a super duper computer expert.

00:25:24:06 - 00:25:53:27

Unknown

I think Boosie or other computer experts could certainly for him, they could fool experts. Experts can be fooled. But the point is, there's a lot of evidence that causes me to believe that Peter Smith was intended to get these emails to Charles and that the emails from Charles were intended to go to either Jerry Corsi or Roger Stone and eventually get to Donald Trump.

00:25:53:29 - 00:26:21:05

Unknown

And that these emails, you know, these Russian emails, these 33,000 Hillary Clinton hacked by Russia emails, they were going to be evidence to be passed off to Trump that they would then demonstrate were false, fabricated, fraudulent emails. The idea would be to make Trump look stupid, make Charles look stupid, make Corsi look stupid, make Roger Stone look stupid and make any kind of claims related to emails.

00:26:21:11 - 00:26:49:12

Unknown

Oh, back to the hacked emails. This is another hacked email story. Ha ha ha. And they make fun of everybody who, oh, get in near the cops and their radio stuff is doing something, but you get the picture. The idea would be to pass off some data probably created by Chris Boosie. Again, I

can't prove that. That's pure speculation opinion based on evidence and information in the public domain, but I think that's what happened.

00:26:49:14 - 00:27:16:11

Unknown

And some of these things I would have gotten to in the lawsuit. Remember, the lawsuits are not over yet, but it did not go well for me today. This report and recommendation, if it does get adopted, even in part substantial portions of the case, will definitely end. So that's bad. But, you know, litigation ain't easy. And I don't know what the hell I'm doing.

00:27:16:17 - 00:27:55:28

Unknown

This other thing that's going on is the judges are like, Oh, well, you know, Goodman Is this like very sophisticated, pro se litigant, So we're not going to construe his pleadings as liberally as I normally would for a pro, say, I mean, and that's ridiculous. That's like, that's like if I come down from the stands at a basketball game after having four beers and do the half court shot and by pure coincidence, sync a three point thing and win a Cadillac and suddenly they're like, okay, you can play against the Knicks now.

00:27:56:00 - 00:28:22:00

Unknown

No, that's not how it works. I mean, yeah, I'm aiming for the basket. I'm trying to get it in there, but I don't know what the hell I'm doing. And I'm definitely not an attorney, so I think that's a little bit unfair. But this is this is like mature lawfare that is, you know, they got case upon case and nonsense thing upon nonsense things stacked up on me that are creating super complicated complications.

00:28:22:02 - 00:28:45:04

Unknown

And, you know, they're referring back to things that other judges who frankly, I think are involved in this whole you know, I've laid out the evidence in the Twitter coup. If people haven't read that Twitter COO article, I really encourage you to do it. It's totally free to read the article if you go over to crowdsource the truth dot substack dot com.

00:28:45:04 - 00:29:16:09

Unknown

What's going on? We have a line here. This is like a school trip from some other country. You don't get in line at a crosswalk in New York City. All right, enough with 10th Avenue. This is ridiculous. We're going to go into the fifth. But yeah, so, I mean, it's like me versus teams of lawyers who are coordinating their activity in ways that, you know, isn't directly conspiracy.

00:29:16:09 - 00:29:38:10

Unknown

But when they're able to coordinate certain things so that it is unfavorable to me, I'm going to do everything that I can to keep the case alive. I don't want to talk too much about what I will do next, because

obviously every single thing I say and do the the pathetic, psychotic, stupid Mario Luigi, he's sitting in his RV right now.

00:29:38:10 - 00:29:59:17

Unknown

How do your feet smell? You can smell them. They're disgusting. Yeah. Maybe the guys know about this more than the ladies. You didn't like the. You play hockey and go in the locker room? Or maybe you had a roommate in college whose feet really get that Kind of like that. Like awful fermented cheese. Cheese? Isn't that what it's like right now in the RV?

00:29:59:17 - 00:30:30:24

Unknown

Big Dave? Oh, God, it's disgusting. It's probably got fungus in his toenails anyway, so he's watching every single thing I do and he will look for any. What's the Pineapple Hotel? It's interesting. Stay, pineapple. I don't recommend that this is an incredibly bad part of town. Now, don't stay there. That's for people from Europe to maybe. Oh, well, I don't know.

00:30:30:24 - 00:30:55:23

Unknown

Maybe they're cleaning it up. What's going on here? I wouldn't stay there. This is where you've got all of your hot dog vending things store. Definitely no rats living in there. Eric Adams and the rat czar could go there and check that out. But Peter Smith, as far as I can tell, people wanted him to deliver bunk emails to Charles.

00:30:55:26 - 00:31:21:25

Unknown

And remember Corsi, he said in the citizens grand jury that the FBI was super interested in this phone call that he had with Ted Mallick over face time. And I remember from Dubai that face time is not allowed in Dubai, and I think it's because of the encryption. They want to listen to everything you're saying over there. You've got no rights in Dubai.

00:31:21:25 - 00:31:50:14

Unknown

Everything is owned by the king. Oh, what's his name? Big, long thing. And that's the guy who threw his daughter in jail. What's happening with Princess Latifa in the UAE? I don't know. I haven't looked into that in a while. I haven't spoken to Hervey. There was a whole thing going on with that. So their plan failed. And remember Peter Smith, he was over at that hotel near the Mayo Clinic.

00:31:50:14 - 00:32:17:24

Unknown

So it's possible that he got some kind of, you know, fatal kind of terminal cancer diagnosis or something. And this is super interesting too, because all of these people who are friends with the people who were named in the lawsuit are all hovering around this whole thing. So Peter Smith dies, according to the official story, by suicide from inhaling helium in this hotel room.

00:32:17:26 - 00:32:48:24

Unknown

And there's a note that says there's no foul play here, no need to investigate, blah, blah, blah. And the door is bolted from the inside and all this murder mystery type stuff. But, you know, Shane Harris, who reported to all of this in The Wall Street Journal and later The Washington Post and on MSNBC with Rachel MADDOW and on the Lawfare blog with Ben Whities, They reported all of this stuff.

00:32:48:27 - 00:33:14:16

Unknown

And when I tried to contact them with information about the story, these guys were absolutely controlling the story. Multiple articles and video reports about it. And you'd think if somebody called and said, Hey, I'm calling on behalf of the person who was the last guy in communication with this dead guy you're writing all these stories about, and there's a couple of holes in your story you think you would want to hear about that.

00:33:14:18 - 00:33:39:12

Unknown

But the thing is, these guys were obviously resisting that information. And I believe still that it's because they were trying to cover up the real reason for the suicide or maybe somebody else was there or what Peter was involved with in this whole scheme to trick Charles and Corsi and Roger Stone, because remember, it was Charles who sent the email.

00:33:39:12 - 00:34:01:02

Unknown

This is why the FBI came to speak to Charles, because he had sent an email after seeing Julian Assange on something on television or YouTube or something, and he said somebody should go to England and speak to Julian Assange. And the FBI wants to investigate him for saying that he's just watching TV and somebody comes on there and says, Who do you know in London that could go talk to that guy?

00:34:01:04 - 00:34:25:14

Unknown

You're not allowed to do that, according to the FBI or they're going to come investigate you. And by the way, if stupid Mario Brothers are Ray Epstein, confidential human informants and Ray says he isn't. So that's an open question. Other people see evidence that causes them to believe that he is. He says, no, we don't know. But we do know there are confidential human informants.

00:34:25:14 - 00:34:59:25

Unknown

Okay. Marshall Richards, for one, The Washington Post told us he was a confidential human informant. George certainly didn't tell me that. He said he had worked for the three literary agencies, but he wasn't really very explicit. If he had said, Oh, yeah, by the way, you know, this guy, he infiltrated a militia in West Virginia and kind of like, coerced them into buying bomb parts or brought bomb parts to their office or something

like that, and then told the FBI they were trying to build a bomb and then sent to go to jail for 19 years.

00:34:59:25 - 00:35:25:09

Unknown

Who said? He wasn't trying to build a bomb. Richards brought all the bomb parts. That's what he said. I don't know the truth. This is my reporting on hearsay statements from third parties that are in the public domain. I'm just giving you opinions, anecdotal musings about these things. But anyway, these guys could also be, yeah, they don't want the truth.

00:35:25:09 - 00:35:42:01

Unknown

Exactly. Melinda No, of course they don't want the truth. Because if somebody called me and said, Hey, I have some breakthrough information about some story you've been talking about a lot, if somebody called and said, Oh, Clinton Foundation, we have breakthrough information, I wouldn't say, Oh, that's scurrilous and hang up the phone. I'd say, Well, what have you got?

00:35:42:01 - 00:36:12:10

Unknown

Talk to me and let's understand what it is that you're looking at. And if it's interesting information, I want to hear about it. I don't want to hang up on the person. I really don't get it outside the context of them trying to actually hide this information that makes sense given the way they've behaved. And again, the thing that this magistrate is ordering is Jason is not allowed to bring any lawsuits to talk about anything having to do with any of this stuff, because that's what these guys want.

00:36:12:10 - 00:36:40:24

Unknown

They're trying to stipulate reality. That's that's the whole essence of lawfare, right? They want a ruling in court that says that Jason's a conspiracy theorist and Trump did whatever he they claimed that he did with Alvin Bragg. And once that's decided in court, there's a ton of people who will just say, oh, you see, they had an investigation.

00:36:40:24 - 00:37:04:11

Unknown

They had a trial, boom. That's what happened. So there's a number of things. They're not going to let this end because there are still loose ends. See, I understand a lot better what's going on now than I did when this all began. That doesn't mean I'm a lawyer because I'm not. You know what? Wow. I guess this is what Charles was talking about, Mr. Broadway.

00:37:04:11 - 00:37:39:01

Unknown

Is this a Chinese restaurant that used to be Ben's deli? What the hell? I didn't realize this was closed right? Oh, no, that's not a Chinese restaurant. The new home of Mr. Broadway. Wow. I didn't realize Ben's deli had closed. Wow. That's been there kind of forever, or. Well, not anymore. There's a Korean born Chun mob. Yeah. Yeah.

00:37:39:01 - 00:38:10:00

Unknown

This is a bad neighborhood. This is where my office used to be. I rented it here because it's cheap. And the funny thing is, you know, back in those days, even bad neighborhoods, it was nothing was really going to happen to you. I hope that's still the case. So, yeah, I mean, I don't know. I was just trying to raise Boosie Box and get all up on Boosie with this lawsuit.

00:38:10:00 - 00:38:35:17

Unknown

I was hopeful that we were going to find out, you know, definitively what the hell was going on with Peter Smith because so Shane Harris does all this reporting and again, it comes back to Twitter because Harris tweets the thing and this is in the phone call with Boosie, this is why they hate that phone call so much is like lawyers hate it when you record them because they want to lie and then stipulate that the agreed upon facts later.

00:38:35:17 - 00:39:02:04

Unknown

They don't want to be held to empirical facts or evidence or actually have to admit that they're lying. Like people are like, Oh my God, Anthony Blinken lied. Of course, all of these, you know, big money lawyer people do nothing but lie. It seems so anyway. Yeah. Shane Harris tweets out, Oh, here's my article about Peter Smith and guess who's all over it?

00:39:02:04 - 00:39:35:25

Unknown

Chris Boosie, you know, he was saying, Oh, this is suspicious and stuff like that. And now they've deleted these tweets. Why did they do that? Is it because my filings are frivolous and have no basis? I mean, granted, the judge is right about a lot of things when I haven't properly pled things and he explains it. Okay. Yeah, and it's true if you're, you know, a pro se, they're not giving you ultimate leniency to submit, you know, a launch menu and call it a legal pleading.

00:39:35:25 - 00:40:01:18

Unknown

But at the same time, I do feel like they're being a little bit unfair and the whole you're not allowed to bring any of this stuff back against Ben Whitney. He's talking about his, you know, anything to do with Peter Smith. It's very strange. And then I was reminded that a few days ago, The Intercept had that article about Avril Haines.

00:40:01:20 - 00:40:29:27

Unknown

You know, she's the director of National Intelligence. People hear that in the like, Oh, yeah, of course, DNI, the Office of the Director of National Intelligence. So the government created a new disinformation office to oversee all the other ones. This article says the new Foreign Malign influence center oversees efforts that spanned US military, law enforcement, intelligence and diplomatic agencies.

00:40:30:00 - 00:40:58:17

Unknown

See, where does this thing start and where does it end and who's involved and what are they doing? I found out today that dumb George is suing Doctor Malone. He did good. I don't know what that lawsuit is about. I couldn't immediately find it, but it's just interesting how these guys are all over the same crap, right? Malone is represented by BIS.

00:40:58:19 - 00:41:31:28

Unknown

George is suing Malone. Remember? It was George who introduced me to Robert David Steal. And then his brother kicked off all the lawsuits. It's amazing. I just want to get these guys away from me. Really? So anyway, that's what's going on with that. I mean, I forgot to mention earlier when I was talking about that Texas guy that today, in addition to cropping out all the pictures of the guy's hand, somebody did post on Twitter some more pictures.

00:41:31:28 - 00:41:51:28

Unknown

People are saying it's a gang tattoo or whatever. I don't know. The mainstream news is trying to say he's a white supremacist. And then now I saw they had articles trying to convince people that Hispanic white supremacists are happening. So, yeah, this guy definitely has a similar tattoo right there. He's got kind of like a I mean, it's not Texas in the middle of it.

00:41:52:00 - 00:42:16:12

Unknown

And then the other thing is, look, obviously this has been through Photoshop. Somebody tiled out that girl's face. So how do we know they didn't just stick that tattoo on his hand with Photoshop and why did it show up a day later? I don't know. Is that legit? They're saying this guy's a white supremacist, but where does he have the tattoo or No, that's it.

00:42:16:12 - 00:42:33:25

Unknown

If they show us this guy, if we ever, ever, ever see his left hand again, if it doesn't have the tattoo remotely resembling that, that's definitely not the guy. Or either that or they killed some other guy and put him down for that photograph to show you a photo of some other dead guy. But that's what I mean.

00:42:33:25 - 00:43:06:20

Unknown

People jump to conclusions. We've seen a little piece of video from down in the subway of that guy, Danny Panay, choking Jordan nearly where this is his stomping ground kind of Times Square. I guess he was Michael Jackson in here at some point in the whole thing. Let's see what's going on in Times Square. Well, it's at least nice that, you know, the sun is staying up later and you can kind of enjoy the day a bit more.

00:43:06:22 - 00:43:37:29

Unknown

But lawfare is very frustrating. And, you know, part of me just wants to forget about all this and let these lawsuits end. But they're really not over. And again, there's certain aspects that I don't want to discuss because obviously the stupid Mario Brothers are listening and doing things based on what I say. So Richard de Leon says Texas shooting was an FBI PSYOP.

00:43:37:29 - 00:43:59:13

Unknown

I think that might be right. I mean, they're certainly controlling the narrative. That's what's interesting to me is to observe how this gets controlled. Like the images are out there one day and then gone the next day. What is that guy doing riding around like that, blasting that music? What a jerk. You've got a city full of jerks.

00:43:59:13 - 00:44:45:29

Unknown

We've got a country full of jerks. It's terrible. Oh, my God. Here's Arnold Schwarzenegger with a new movie. At least it's appropriate title. Netflix series Heroes don't retire. They reload. Emphasis on load. This is the one mosque. So. Oh, yeah, that reminds me. Laura Loomer has a lawsuit against, I think Facebook and Twitter. No care, right? It was a care getting her kicked off and see the social engineers are very interested in that as well.

00:44:45:29 - 00:45:15:23

Unknown

Why is that? I mean, it's got to be because Laura is extremely effective and they're trying to, you know, take out people who are effective at changing the narrative or challenging the narrative or pointing out how they're manipulating it and stuff like that. That could be why they're interested in her. But got Yeah. So she is now countersuing, not countersuing.

00:45:15:25 - 00:45:44:07

Unknown

She's suing her former attorney for malpractice. She had Ron Coleman representing her. See, and that's the thing I like when I, I haven't really read that lawsuit, but I looked at it and I noticed something that I thought was a problem. And it is, in fact, the problem, which is that they were relying on is it called diversity jurisdictions or something like that, where, you know, you're in federal court and you're suing people.

00:45:44:07 - 00:46:07:17

Unknown

If you're in Florida and you're suing people in, you know, New Jersey and Minnesota and stuff like that, you've got diversity among the parties. Again, this is not legal advice. I don't know what I'm doing. I'm not doing very well in court. I'll experience the movie event in 3D. There's no way they shot that 3D Little Mermaid. So check it out.

00:46:07:20 - 00:46:53:03

Unknown

See there? I just got distracted. What was I talking about? I didn't where going to come back to me. Somebody I mentioned in the comments. Wow. I just totally, you know, I totally forgot what I was talking to. I mean, it creates a certain kind of show walking around. Look at that. You got the New Year's Eve ball up there.

00:46:53:05 - 00:47:47:23

Unknown

What the hell was I just talking about? Oh, it's just nice day to take in Times Square. Yeah, we were talking about the shooter in Texas. Right? Right. How they coordinate these stories so quickly through the mainstream media. I mean, it really is something that we got to understand a little bit better because, you know, right away they got out these images and videos of Jordan Neely as a young and healthy, appealing looking Michael Jackson entertainer, not as a, you know, wretched looking drug addict, harassing people and going crazy.

00:47:47:23 - 00:48:09:28

Unknown

And somehow they were able to really tamp down those images and boost it. See, it's the same kind of thing as Twitter or YouTube. They decide not organically. They decide which videos. Oh, yeah. Laura, Laura. Right. Thanks for inviting. They decide what things rise to the top. This is the picking of winners and losers. And so same kind of thing with Laura.

00:48:09:28 - 00:48:32:24

Unknown

Laura had this lawsuit against care saying that they had done something with Twitter to her, kicked off of Twitter. I wouldn't be surprised. I don't again, I don't know the details of lawsuit. I'm just, you know, filling people in on what I know, which is that she lost and they said, oh, you've got it right. Diversity. That's what we were talking about.

00:48:33:00 - 00:48:57:24

Unknown

So when I was looking at the suit, the first thing that confused me was that they were relying on that diversity. But she was suing Care Florida, and she lived in Florida. And I remember thinking, well, I'm not a lawyer and Ron Coleman is. So he must know something that I don't know. But this seems to be one of the reasons why they weren't able to make the lawsuit fly, because they didn't have diversity jurisdiction.

00:48:57:24 - 00:49:24:01

Unknown

They didn't have total diversity among the parties or whatever. So, I mean, how could Ron Coleman do that? Is there something I'm not understanding about this, or was that just like an amateur mistake? Because what's happened is care. The court decided Laura has got to pay their legal fees, which was like over 100,000 bucks. And so she's now suing Ron Coleman for malpractice.

00:49:24:01 - 00:49:52:18

Unknown

And of course, that sounds like the right thing to do. Maybe he did engage in malpractice if he did something that, you know, basic that elementary and he did it wrong and that's just stupid. How could you do that? I did that because I didn't know. And I'm not a lawyer. I haven't been to law school. I did that in Goodman V Sharpe, and they told me, Hey, by the way, bang, you're suing the National Academy of Television Arts and Sciences there in New York, so you don't have total diversity.

00:49:52:18 - 00:50:16:19

Unknown

So screw you. Get out of here. This is very complicated doing anything in court. But I mean, part of the reason that you hire a lawyer is that you hope that they know what the hell they're doing. And, you know, the other thing I wanted to say about Ron Coleman, I think I've mentioned this before. He was one of the attorneys that I had contacted when I was seeking representation for my company in the Emmys versus my Emmys versus my company.

00:50:16:21 - 00:50:34:04

Unknown

And he was like, oh, you know, send it to me and I'll look at it. And I told them what it was all about. And he just never looked at it, never got back to me, and eventually decided he was too busy. But of course, he took up Nate's stupid case against Boosie. What happened with that? Has Nate versus Boosie done anything?

00:50:34:04 - 00:50:59:10

Unknown

Does anybody know? He raised a hell of a lot of money from it, didn't he? Spoke about me a lot, and he. That case was nonsense. And, you know, when there was a moment that it would have been interesting for them to cover it. And I had a Rule 11 sanction going against busey's lawyers and everything that that got denied.

00:50:59:16 - 00:51:17:08

Unknown

I disagree with that. The magistrate says, no, don't sanction who's his attorneys. But I again, I don't want to go into all the details of what they did and why I think they did it. And he thinks they didn't. But man, that was screwed up. So the thing I read today is that they got some kind of order.

00:51:17:08 - 00:51:42:10

Unknown

And the reason I saw this is because stupid Mario World is all up. Laura's business is, Well, why is that? Yeah, I mean, I know why, but it's just interesting who they cover. But I mean, you know, so Laura is now suing Ron Coleman through you know, she's represented by Larry Klayman. And I hope she succeeds. I don't trust Ron Coleman at all.

00:51:42:12 - 00:52:04:15

Unknown

That's my opinion based on his actions. Doesn't mean you shouldn't trust him and doesn't mean I have any facts other than my anecdotal experience

in dealing with him and my observations of what's been reported about his dealings with Laura Loomer. That's information I'm getting from the public domain. He's a lawyer. You got to be careful what you say.

00:52:04:18 - 00:52:27:19

Unknown

That taxi driver was super interested in what I was talking about. I don't know. Maybe it's weird to see somebody walking around talking to a selfie stick or whatever, but. Yeah, so they're jamming up Laura with Lawfare and she is just tearing up stories. I saw she was she name is Fake Chicky Rogue says, What do you mean?

00:52:27:19 - 00:52:53:22

Unknown

I agree with that. But why? Why are you saying that? What the hell is total diversity? I mean, you know, when. So maybe I'm wrong. And again, me talking about this is not good way to learn about it because I'm not a lawyer. But what I was told by the judge when I tried to sue a party where one person was in Connecticut, one person was in California, one company was in New York, and I was in New York.

00:52:53:22 - 00:53:17:09

Unknown

And they said because this other companies in New York, this court doesn't have jurisdiction over your case because we're a federal court and this needs to be in state court or I don't know. But because there was another party there from New York, I didn't have total diversity among the parties. Everybody's in different states. So in the next lawsuit, I didn't include the New York party so I could maintain diversity.

00:53:17:09 - 00:53:36:07

Unknown

And that wasn't a problem for me. If Ron Coleman doesn't know about that, he's either stupid or he did something to deliberately screw up Laura. The other possibility is that there's something else about this that I don't understand that Ron Coleman does, but if that were the case, it would seem that the judge would have decided in his favor.

00:53:36:07 - 00:54:04:07

Unknown

So it's possible that Ron Coleman is an idiot. It's possible that Ron Coleman is one of these trapped lawyers and not a trapped queen. Not to be confused with Fetty WAP, but I got, I believe, in trapped with a lawyer who I should sue for malpractice, John Snyder. And he knows I think this this is my opinion based on things that he did.

00:54:04:09 - 00:54:25:09

Unknown

And the thing that's weird is he was recommended to me by Jared and Elizabeth Beck, mostly Jared Beck. But there's such strange timing. Do people remember what happened with Jared and Elizabeth Beck? I had Jared on the show and he was talking about, you know, this was all during the time when everybody was going nuts with the what was going to happen.

00:54:25:09 - 00:54:49:21

Unknown

Are they going to oh, how do I even talk about this? This was like November, December kind of timeframe, I guess maybe before January 6th when there was still controversy among people. And Jared was taking a position that a lot of people didn't like. But he was right. And, you know, he was getting guff in the comments, which I thought he was pretty used to.

00:54:49:21 - 00:55:15:13

Unknown

I mean, when he used to be on Twitter and everything, he sort reveled in arguing with people and insulting them with really hilarious intellectual kind of insults. But he just started freaking out that all these people were, you know, hitting them up with crappy comments and anti-Semitic comments and like, getting mad at me. Like, it was somehow my fault that trolls were in the comments.

00:55:15:13 - 00:55:49:09

Unknown

I mean, like I said, it would be one thing to get mad about comments, but it was a totally other thing to get mad at me about comments. Now, what do people think of this? I don't I'm not sure that I've ever actually observed this before. This guy's got to be on time. But anyway, he got super pissed off at me and both Jared and Elisabeth said and did a lot of really, in my opinion, essentially inexcusable things, but that's why they haven't appeared on the show since then.

00:55:49:12 - 00:56:15:13

Unknown

And it wasn't until much later that Mr. Snyder did what I can only describe as I can't prove this, but I think it was intentional. You know, he was the lawyer for my company was getting super harassed by super stupid Mario Luigi. But I mean, this is a guy who's representing like Russian, some guy who's, like, getting beaten up by the Russian mob.

00:56:15:13 - 00:56:56:17

Unknown

Felix People are going to know who that is. He's connected to Trump in some way also. So isn't that weird that all these lawyers that are hopping around, all these weird Trump things having to do with Russiagate and, you know, how do they all know each other? And like, why did Judge Caproni not do anything to stupid Mario Luigi for harassing attorney to the point that the attorney quit and said in his motion to withdraw, I'm I'm withdrawing because of this harassment from this other guy who was a litigant in the case that you're presiding over where it's total total vacancy around New York.

00:56:56:19 - 00:57:28:21

Unknown

But the judge did nothing. She allowed him to harass my attorney until he left. It was it's insanity. It's certainly not justice. And so then, yeah, see, there's Mark McClellan 911 stuff. So I don't know. Goodman v

Boosie not looking very good for me. Boosie seems to not yet, but he might be. What? Jared is supposedly dead. Somebody said, Who?

00:57:28:21 - 00:58:05:05

Unknown

What? Told you that running the lawsuit for Bernie? Yeah, right. Bernie Primary Who? Richard de Leon. Where did you get that information? From The Jared DeCoster. Yeah. Goo Goo Goo said that, bro. I mean, I haven't heard anything about that. Wasn't he? No, he was down with that guy. We did some lawyer shows with Jared and that guy who was fighting the vaccine in Florida now who said he's dead.

00:58:05:07 - 00:58:33:13

Unknown

Hey, give us some more information about that. Well, so wait a minute. I want to hear more about that anyway. Look, I don't know if he's dead and this has nothing to do with that. But the point is, I think there are sort of like plays, right? You know, how they have a playbook for football and I don't know the different name, like the Hail Mary and the shotgun and whatever, they got playbooks.

00:58:33:13 - 00:58:52:04

Unknown

And you see they get in the huddle and it's okay, we're going to run whatever. Do that play. Yeah. People who know football are going to know. I don't know what I'm talking about this either. But you could run a famous play with a little League team and you're going to get one result and then you could run it in the Super Bowl and you're going to get another result.

00:58:52:04 - 00:59:18:10

Unknown

It's different players, different field, different opponent, but you're running the same play and your objective is the same. The outcome might differ each time you run it with different people, but you know, you know what I'm talking about. And I think that there are certain positions, certain plays, certain ways. They do these different lawfare things, and it involves, you know, fake co-defendants and certain certain scenarios.

00:59:18:13 - 00:59:45:18

Unknown

That's what I believe Susan Holmes and Patricia Negron were in the first. Still be Goodman. Still be Goodman went in my direction a little bit, where I'm supposed to be in the Fourth Circuit, but I didn't get logged on there today as far as I saw. Law firm still listed. I don't think that's right. Oh, Jared Kushner, Somebody is saying Jared Kushner is dead.

00:59:45:21 - 01:00:14:15

Unknown

Where did you get that from? I'm not sure if that's correct either. People people need to be careful what they just blast into the into the comments here. Jared Kushner, I don't think he's dead. We'd be hearing about that. Jared Kushner Let's check the news. Ivanka Trump wears a

colorful dress after F1 event in Miami. There's a picture of her with Jared Kushner a day ago.

01:00:14:17 - 01:00:36:23

Unknown

Richard, what are you doing? Putting stupid comments in there. Nobody's dead. Jared is not dead. Jared Kushner is not dead. Jared Beck is not dead. As far as we know. Maybe somebody named Jared. Sure. There are people named Jared who are dead, but nobody that I'm talking about right now. And the president's son in law are not dead, as far as I can tell.

01:00:36:25 - 01:01:19:24

Unknown

Yeah, they're alive. They are alive. That's just some nonsense that somebody put into the comments. They're all I was trying to say is there seem to be a variety of different moves that you can do in lawfare. And implanting a bunker lawyer on somebody is obviously a great one because you're going to trust your lawyer. And as I go back over this case again, either John Snyder is a terrible lawyer, a terrible idiot, or was deliberately working to screw up my case and then leave at the exact moment that I had no more money and I was so screwed up that the case was basically unrecoverable.

01:01:19:26 - 01:01:55:00

Unknown

Since what happened. And it seems remarkably similar to what may have happened to Laura, I don't know enough about her case to say if that's true. I don't know if it is, but if it is, that would mean Ron Coleman might be a scumbag. I don't know. It's just speculation, opinion, conjecture. I don't know. We're getting a little bit of a taste, the niceness of New York.

01:01:55:00 - 01:02:32:28

Unknown

You know, when the weather is nice, it's not too hot and you can walk around, not get attacked by anybody. So, yeah, I mean, they basically shifted the guy from from being like a low rider, you know, whatever he was there in Texas costume shop they never said that, but they just sort of are now pushing this huge story that he's a white supremacist and that he was, you know, following the regular, you know, we've got to get rid of the guns.

01:02:33:00 - 01:03:11:14

Unknown

I guess they don't want him to be having a gang tattoo because then now make people have to do something with gang life and they don't like doing anything. They most of these people are probably just awkward tourists to this pedicabs. I really hate that, blasting the music all over the place. Let's see what's going on here in Bryant Park.

01:03:11:16 - 01:03:45:00

Unknown

So maybe they'll have the movie theater screen up. They do movies in Bryant Park in the summer. I think they were projecting them out of an

Airstream for a while. It's a pretty good idea to have your projector in an air screened Airstream and driving around to parks and show movies in the summertime. They don't have a screen set up, so I guess it's not maybe it's too soon, too early.

01:03:45:03 - 01:04:25:14

Unknown

But a lot of people in the park today, right? What is this, splotchy or something? Yeah. So they don't want me talking about Peter Smith. They don't actually want to tell you the facts related to what happened to Peter Smith. They they don't want to talk about, you know, what's on this guy's left hand Boy, look at that.

01:04:25:14 - 01:04:51:28

Unknown

Doesn't the grass look amazingly good? It looks like they just put that in. Maybe they did. Right. There was a big, huge Citibank or some bank had all the Christmas stuff sponsored. I guess they've just gotten rid of that or put in new grass, I guess, on your mom.

01:04:52:01 - 01:05:23:20

Unknown

Yes. They don't want me talking about Peter Smith because, you know, Trump is still in place. I was watching Benny, what's his name? Johnson. He was talking about how that's the RFK said that the CIA was involved in assassinating his uncle. He didn't exactly say that, though. He's a lawyer. Right. So he was very careful how he said it, that a preponderance of evidence suggests that they played a role.

01:05:23:22 - 01:05:56:06

Unknown

There's a lawyer way of saying they did it, but they did. And so Benny Johnson was talking about that. And then I put a comment on the YouTube video because, oh, he was asking, who is he interviewing? I forget. But he was asking about the whole why are they not releasing? Could it have been Jonathan Turley? I forget, but they were talking about why aren't they releasing this JFK information, even Trump and he said his hands were tied and blah, blah.

01:05:56:08 - 01:06:19:13

Unknown

So think about that. So who is the person tying the hands of the president? Like, who tells him you can't have it, you can't release, you can't do it or whatever? And then he's not even talking about it, you know, shattering the deep state. Trump is not even talking about, I don't know. But so I said because Benny Johnson said, well, you know, in 60 years, everybody who is involved is dead.

01:06:19:16 - 01:07:01:16

Unknown

And I said, They're not all dead. So he said, Oh, you know, text me on a telegram. I hate telegram. But I did I did message him on there. I don't know if he's getting back to me or not, telegram any of these things where they say, Oh, no, it's encrypted. I do not believe that that's

going to be run by the FBI or whoever and see, so this this came up we were talking about Protonmail and oh, because Nate Cahn mentioned it and Nate said, well, you know, Protonmail has its servers in Geneva, so it's out of the jurisdiction of the U.S. and the EU.

01:07:01:16 - 01:07:31:05

Unknown

And people are like, No, that's wrong and blah blah. I think you might have been misunderstanding what he was saying or he might have been misunderstanding what he was trying to convey. I think it's true that their servers are in Geneva, and I think it's true that that makes them out of the jurisdiction of U.S. district courts and stuff like if you got in a lawsuit and wanted to go subpoena proton mail to get somebody an email, they would say, if you were not answering a U.S. subpoena.

01:07:31:08 - 01:07:59:13

Unknown

Now, that doesn't mean that the NSA or the FBI or whoever can't get right in there and read your proton mail emails. And I would suggest that they probably can. I would think that they set the whole damn thing up specifically so that they could trap people communicating on a network that they think is encrypted and use it themselves when they don't want their communications to come on to discovery in in US courts.

01:07:59:15 - 01:08:24:13

Unknown

So, I mean, again, all this stuff plays a role in the law, fair game and all the people who are running the government now, you know, like they're there thirties, forties. Jake Sullivan and all of these people and they're beat up of a behind the scenes people like Adam Sharp, you know, he's in his mid-forties or something like that.

01:08:24:15 - 01:08:54:05

Unknown

These guys are all, you know they grew up with computers and they're doing all these schemes, adding now big data is pretty powerful. I mean, you know, if if what we're speculating about turns out to be correct. Joe Biden pardons, Hunter crimes of the century go unpunished. He cashes, you know, millions, billions, whatever it is. Yeah. 12. Bravo.

01:08:54:05 - 01:09:26:01

Unknown

I saw that. Pretty weird, right? What's that now? Might have contributed to the death of the subway, dude. Yeah. I don't know what's going to happen with that. You know, they're going to go decide if they prosecute that guy. They said that the grand jury was going to start meeting as soon as this week. Right? Oh, I see.

01:09:26:01 - 01:09:59:27

Unknown

Brad Pitt was talking about RFK Jr. Wanted him paroled. You got to be talking about Sirhan Sirhan. See? So that's the thing. I don't see how I find what RFK is saying to be very appealing. He seems like potentially excellent candidate. I mean, I wonder what's going to happen. But we've

seen in the recent past, Bernie and Trump and I mean, anybody who's not on their dance card as far as, you know, blow up Ukraine and steal all the money and all of that kind of crap, they just destroy these people.

01:10:00:00 - 01:10:24:20

Unknown

I hope that doesn't happen to RFK, but. Right. So there there's some activity on Twitter about how they're going to now basically get down with charging Trump with seditious. I have no doubt that they're going to do that. And they'll try to say just the very fact that the charge exists precludes him from running. He's not allowed to run for president.

01:10:24:23 - 01:10:55:06

Unknown

That's that is for sure what they're angling to get to. And that's why Enrique Tarrio and all these guys, they're they're always doing crap like this. So in my lawsuit, they're like, oh, you know, recommend that Jason should never be able to, you know, talk about Peter Smith and bring lawsuits against these guys ever again. Really? So for seven years, George, his brother brings every asshole lawsuit under the sun and they're like, That's fine.

01:10:55:06 - 01:11:32:18

Unknown

Keep harassing his lawyer until he quits. But I threw these two one time and they say, no, you should never be able to sue them again. Does that seem legitimate to people? It seems weird. I don't know. But that's what's happening. I think we've got this sound issue licked and basically it's not a sound issue. What it is is, you know, this is a show that I am producing, traveling all over the place, going through crowds.

01:11:32:20 - 01:11:53:22

Unknown

None of this stuff is professional production equipment. Now I see Michael talking about spice. That's the key to what's not marijuana. It's got nothing to do with marijuana. He's saying it's weaponized marijuana. It looks like potpourri when. They dump it out of the bag on on the news. I've never seen this stuff in real life, but it looks like they call it spice.

01:11:53:22 - 01:12:13:24

Unknown

It looks like potpourri and it's sprayed with chemicals they say. But like I've been saying, when you look around at some of the videos produced by people who are like, you know, hey, I got released from prison and here's my YouTube channel talking about crazy stuff. There was one guy I saw who spoke about different drug experiences and he said this.

01:12:13:26 - 01:12:31:21

Unknown

He was saying, you know, when over the X number years that he was doing heroin, whether he would get it here or there or this part of the country or years later or whatever, he said, you know, there were there were

degrees of quality and strength, but it had a similar you know, it was all kind of the same.

01:12:31:25 - 01:12:50:24

Unknown

Like when you drink a beer, he you know, maybe you're going to feel a little differently if you have a Sapporo versus a Becks or a, you know, some of those strong, strong beers. Or maybe you have a glass wine versus a beer or whiskey is a slight difference, but you know that it's not like you drink one thing and you get drunk and then you drink something else.

01:12:50:24 - 01:13:17:03

Unknown

And it's a totally different feeling. This guy was saying with drugs that he had used like heroin and cocaine, there was a consistency to it. But with this K2 spice, this stuff that they're saying that Jordan Neely was self medicating with like that makes it sound like it was some kind of scientific process that he was doing. This is just some street drug that the guy from the prison video was saying every time he did it, it was a totally different result.

01:13:17:05 - 01:13:39:22

Unknown

Like, sometimes it did nothing, and sometimes he was like unable to move for 30 minutes at a time and like kind of having an out of body experience and totally, like, delirious. So that to me sounds like a thing that's not too well regulated. It is just a marketing plan for some filthy street drug that could be anything.

01:13:39:24 - 01:14:01:00

Unknown

And you have no idea what's going to happen any time you get that. So that sounds incredibly dangerous to me. What do the traffic cops need a pickup truck for? Ridiculous story.

01:14:01:03 - 01:14:42:20

Unknown

But yeah, so that's key, too. And the thing is, it. So here's boss Morrissey just found an article from March where Jared Beck is suing Twitter. I didn't know that. Oh, yeah. He had contacted me about some kind of class action lawsuit they wanted to do against Twitter. I don't think you can easily sue these things. The best video I've seen about suing social media was the interview with Jason Fike, where he was telling us all about CDA.

01:14:42:20 - 01:15:17:29

Unknown

230. He's not a lawyer, but he definitely seems like a hands on expert when it comes to 47 USC Section 230 something that I wanted my lawyer to use to say, you can't sue this company for something that Jason posted on the Internet because that's what 47 U.S.C. Section 230 is all about, except after speaking to Jason Fick, who's not even a lawyer, I realized that Section 230 is a trick.

01:15:18:02 - 01:15:44:14

Unknown

It's written in such a way that it can always protect the companies that they want it to protect and always screw over the people that they wanted to screw over, like Laura and me and whoever. So I don't know that it's possible to win a lawsuit against these companies because it seems like what's going on is at some point the government said, you know what, These companies have the ability to read everybody's email, know what they're talking about, know where they are at any given moment.

01:15:44:14 - 01:16:04:22

Unknown

We want that capability. So let's take over these companies, but let's make it impossible to sue them because we also control the courts. And by the way, all of those companies are located in the Ninth Circuit in California. Yeah. See this person over here making the stupid hand signals is confusing to pedestrians. That guy should not be here.

01:16:04:22 - 01:16:39:06

Unknown

Just use the regular traffic lights. Know what's got that girl run over because he's an idiot. So stupid. It's just such a waste of life to have that guy there. We got. We got real stupid people organizing stuff in this city. But I wish Laura well in her malpractice suit against Ron Coleman. I think Ron Coleman should pay that money.

01:16:39:08 - 01:17:07:11

Unknown

Yeah, Stupid Luigi is a couple of hours behind. I already read that. He's emailing me right now. People be aware how sick and psychotic George his brother, is, how he sits around all day obsessing over me. Isn't that weird? Doesn't that make you think he's crazy? His public behavior makes me think he's out of his damn mind. He's published videos about their family history of schizophrenia Why would he do that?

01:17:07:13 - 01:17:41:03

Unknown

He deleted them. This guy's out of his mind. Unbelievable. Really despicable characters. Ah ha ha ha. Boozy. Posted the lawsuit on VOD Central. Well, he should celebrate because it's not over yet. People are emailing me now. Well, we'll see what's going on here. Boozy. Yeah.

01:17:41:05 - 01:18:10:09

Unknown

Yeah. See, this is what I mean. This is like Hunter Biden right now. He's going to get pardoned. He knows he's not going to get in trouble. These guys have powerful friends, and they are basically my opinion based on seeing how they act and the available evidence that I can see in the public domain. These are the idiots they put out front to deflect people like me, to deflect people like Laura who are finding out what these assholes are up to.

01:18:10:11 - 01:18:35:08

Unknown

The criminal. There's another asshole right there selling weed on the street. Got a big goddamn mouth first. See, Laura knows what they're up to. They know. I know what they're up to. And they put out these assholes like Boosie, like, you know, he's so smart and he's so tough. He wasn't worried about this. What's the legal bill like?

01:18:35:10 - 01:19:13:01

Unknown

Boozy. Who paid that for you? This is not over yet. So he should be careful with all of his celebration. But look, end of the day, even if this case ends, I think people know what's going on. People we've we've learned from this whole thing. It will be very upsetting if these guys slip away. But remember, Magistrate Court, he's not the judge.

01:19:13:01 - 01:19:41:17

Unknown

This is a report and recommendation, not a final order and judgment. It ain't over until it's over. And then I think there's a fat lady who has to sing something. I'm not giving up. Yeah, but you know you're going to. I Yeah, There's things I'm holding back from saying. Even if this case ends, I'm not going to give up.

01:19:41:17 - 01:20:06:00

Unknown

I'm not going to go away. We're still going to be allowed to talk about this. Even if I can't sue Ben Wittes over it. We're going to talk about it. Have I ever published the phone call with Jonathan Safran hanging up the second I say, this is Jason Goodman. Why would he do that? Why was Tom Lipscomb so angry with Jonathan that he couldn't contain his anger?

01:20:06:02 - 01:20:36:10

Unknown

He had to mention it to me. Why? What did Safran have to do with Peter Smith's death? That he doesn't want to talk to me. Lipscomb doesn't want to talk to him. You know, when we looked up the whole suicide by helium, they said that it's a well known technique because the lighter than air gas prevents carbon dioxide from building up in the lungs.

01:20:36:13 - 01:21:01:12

Unknown

So he's so stupid. He's saying this is a win for Bob said no, Chris bluesy already. I have no celebrating that he's one. He doesn't seem to understand that a report and recommendation is not a judgment he hasn't won yet. So keep celebrating. Okay? Well, he's not lying person who just sent me this. He is just not knowing what he's talking about.

01:21:01:17 - 01:21:20:12

Unknown

It's true that the magistrate has issued a report and recommendation in his favor, but that is not a ruling and he has not yet won. So that's part of the reason why I wanted to make this video, because I wanted people to understand exactly what's going on in the way that I understand it. And again, I'm not a lawyer.

01:21:20:12 - 01:21:41:24

Unknown

So if you are a lawyer and I'm explaining this somehow in a way that is wrong, I would love to hear now no, don't contact me if you're a lawyer, but feel free to make a comment and help other people make up their own mind as to whether or not what I'm saying is correct or incorrect Boosie is wrong.

01:21:41:24 - 01:22:09:15

Unknown

He has not won. He's saying this is a win. You know, he's got a way of making everything he says, correct? No matter how incorrect it is. It's a victory for him in that, Yeah. If nothing happens and if this report and recommendation gets adopted, the case is going to end without him having to pay me 20 million bucks or whatever the punitive damages I was looking for would be, I don't know exactly what he's won.

01:22:09:21 - 01:22:30:08

Unknown

Everybody now realizes what an asshole he is and he's had to pay a huge legal bill. If he had just not been an asshole, I would have never sued him in the first place. So maybe he's learned something. I don't know. We could ask him, but he's basically an intractable jackass and I don't want to talk to him.

01:22:30:11 - 01:22:54:15

Unknown

But, you know, it's interesting to see, like, Nate raised thousands and thousands of dollars. I see George is suing Malone, and he started a go fund me to raise money. We know a lot of people start GoFundMe is to raise money for their legal stuff. And lawyers love that Lawfare. Yeah. Let's get a go. Fund me going. Raise tons of money.

01:22:54:17 - 01:23:21:20

Unknown

No, exactly. Kathleen, I'm not giving up. Even if I lose this case, even if they say it's, you know, dismissed with prejudice, I got a lot on my mind as far as where this could go next. But I want to thank everybody who has sponsored the show and stayed with me, not trying to raise thousands and thousands of dollars for lawsuits.

01:23:21:20 - 01:23:47:24

Unknown

I'm trying to get people subscribe to Odyssey dot com slash at crowdsource the truth crowdsource the truth dot substack dot com and subscribe. Start out common patron uncommon slash crowd source the truth because the more people who subscribe, the more the show can go on and we can share this information and spread it around and go on road trips and do all that kind of great stuff.

01:23:47:24 - 01:24:15:25

Unknown

So it's not about you all give me money to sue Boosie Boosie box. I don't understand who's giving all that super chats and everything. So some

people are going to give him like hundreds of dollars per hour. Seems like people making thousands from that, that that's. I don't understand that. That seems like way more money than most regular people would be wanting to toss at a at a online show.

01:24:15:25 - 01:24:40:09

Unknown

But remember, if you want to get the most economical access to crowd source the truth sponsor content that's on Odyssey dot com slash at crowdsource the truth for as little as \$3 a month and a nominal odyssey fee. You can get access to sponsor exclusive content. The great thing about Odyssey is that they actually do support the First Amendment.

01:24:40:09 - 01:25:01:29

Unknown

And so if you are an Odyssey subscriber and there is any crowd the Truth Sponsor exclusive video that's not on Odyssey. I mean, one of the older ones, let's say you're doing a deep dive going back watching all the old stuff and you see it's not there. Just send me an email on truth. The crowdsource the truth, dawg, and say, Hey, Jason, what about this interview with so-and-so?

01:25:02:02 - 01:25:29:26

Unknown

And I'll load it up on Odyssey. I can't do that on the other platforms because those platforms rely on Vimeo. And when we exposed Alan Parrott, The Falcon, or in the In the Eagle Pajamas or whatever that guy was doing with an account, remember they deleted whole Vimeo channel right after that. That made me really not trust Anna Kate because Vimeo at that time was part of IAC.

01:25:29:28 - 01:25:48:25

Unknown

They've spun out as its own company, so that probably means it's the same people owning it, but they don't want you to know that or something like that. I don't know. But that that blasted the Vimeo account and so now then got another Vimeo account and got the idea, Well, I'll just reload some of those old videos and they said, Oh, you can't reload old videos.

01:25:48:25 - 01:26:08:08

Unknown

Now we're blessed in that vein Vimeo account, so I can't reload old videos. So some of those other things. But if you're on Odyssey, if you're on Odyssey dot com slash ad crowd source, the truth and any legacy crowd sourced the truth video that you don't see on there, send me a message and I'll get it loaded up.

01:26:08:08 - 01:26:38:10

Unknown

Thanks for tuning in today, everybody. I'm feeling real good about the the hardened USB connection to the phone. It seems to be much more robust than it was, so that's good news. And I want to thank everybody for listening to this conversation, this monologue, this speculation about Hunter Biden and criminals, potential criminals. I don't know. They're

really not criminals until they're convicted, but it seems like they're doing crimes from the things that I can see in the public domain.

01:26:38:10 - 01:27:00:21

Unknown

Oh, boy. I guess I should have known that because I think bed and bath owns Bye bye, baby. So if you have a baby, now is the time to buy, I guess. Anyway, thanks for tuning in, everybody. Assholes on wheels. Have a great night.

The person who sent this email, David George Sweigert, has made numerous public statements against his own interest about his family history of medically diagnosed, pharmaceutically treated schizophrenia. His obsessive stalking and cyber stalking of me cause me to believe he is mentally ill and a danger to my safety.

The order he has attached to this email was dismissed by a subsequent order from the honorable Gershwin Drain (ECF No. 45 attached).

Furthermore, Judge Drain's original order pertained only to employees of the U.S. District Court for the Eastern District of Michigan where David George Sweigert has inappropriately communicated with a federal employee named Richard Loury.

Evidence I have presented to the court supports allegations that Loury and Sweigert have consider to falsify documents and violate federal law.

Please disregard communications for David George Sweigert, his public behavior causes me to believe he is mentally ill and a danger to me, himself and those around him.

the sick, twisted individual who called them lied and claimed to be in my home being threatened by me, they were obligated to respond. What if someone got shot, stabbed or robbed in the time NYPD were misdirected to my apartment? Only an evil selfish misanthrope would do this

Video platform chief says Nazi posts on white superiority do not merit removal

A leaked email from an Odysee executive suggests the site favoured by the far right could do more to restrict extremists

Jason Wilson

@jason_a_w

Fri 14 May 2021 06:00 EDT

‘Are you nazi that makes videos about the superiority of the white race? That is NOT grounds for removal,’ wrote Julian Chandra, a vice-president of the company that owns Odysee. Photograph:

Spencer Platt/Getty Images

A top executive at the video sharing platform Odysee wrote guidance to moderators in late April that a “Nazi that makes videos about the superiority of the white race” would not be grounds by itself for removal from the platform, according to a leaked email obtained by the Guardian.

The platform, whose owner, LBRY Inc, is currently being sued by the Securities and Exchange Commission for trading in unregistered securities, has been increasingly popular with extremists who have been banned from other platforms, and who are attracted by Odysee’s cryptocurrency-based monetization program.

The emails, sent in error to a user who had been complaining about neo-Nazi content on the platform, suggest that the platform is not doing as much as it can to restrict extremists.

The individual sending these emails has engaged in public behavior that causes me to believe he is mentally ill. He has made statements against his own interest about his family history or medically diagnosed and pharmaceutically treated schizophrenia. He has brought law suit after lawsuit against me for the past 5 years and his psychotic behavior causes me to believe he is a danger to my safety.

I have preserved evidence of his ongoing harassment and posted the videos to the Odysee channel in question. These videos are evidence in ongoing federal litigation. Mr. Sweigert has no legitimate claim to demand their removal. Posting the videos in the manner that I have does not violate U.S. copyright law. The videos are being presented as evidence and he has no legitimate claims to remove them, nor does he have any legitimate right to pursue Odysee for hosting them.
